BACKGROUND

FREERIDERS was established in 2004 as Manitoba's original wakeboard specific club. Based on the Red River in Winnipeg, Freeriders boasts the river as Winnipeg's hidden gem. The club was founded by Duncan Jessiman, Tressa Main, Trev Pajak & Rich Marion. Recognized as the pioneers for the sport in Manitoba, Duncan and Tressa compete at both Canadian and International levels. Their knowledge of the sport combined with its executive is among the best in our province. The Freeriders club is very proud to play a role in introducing and developing many rising stars in the wake community. Our aim is to develop athletic skills and maintain interest through accessibility to the sport. Freeriders hosts major events throughout the province, and weekly clinics within the city of Winnipeg. Freeriders is a club who's aim is to provide the wake experience to all interested, right here in the heart of our great city!

Freeriders is affiliated with Winnipeg Watersports and Rene's Marine, dealers' of Malibu boats and all the finest manufacturers of wake specific products: Ronix, Hyperlight, O'Brien, Jet Pilot, and Lost Enterprises.
